Antiserum: Types.

HEISLER, W. H. *Vergleichende therapeutische Wirksamkeit eines gereinigten konzentrierten und eines nicht konzentrierten (nativen) Diphtherieserums im Tierversuch [Würzburg] 6p. 8°. Wertheim-Main, 1935.

KÜNSTLER, S. *Klinische Untersuchungen über die Anwendung des eiweissarmen Diphtherieserums [Halle-Wittenberg] 23p. 8°. Bleicherode-H., 1936.

MARIDET, P. *Le sérum purifié dans la prophylaxie et le traitement de la diphthérie (ses avantages et ses indications) 63p. 8°. Par., 1927.

Arloing, F. Remarques sur l'emploi du sérum sec antidiphthérique dans la prophylaxie de la diphthérie. *Lyon méd.*, 1919, 128: 603-6.—**Aubertin, E., & Teyssandier, J.** Recherches expérimentales sur le pouvoir de préservation de sérums antidiphthériques préparés soit par l'anatoxine, soit par la toxine, vis-à-vis du pouvoir pathogène essentiel de souches de bacilles diphthériques récemment isolés. *C. rend. Soc. biol.*, 1932, 109: 382-6.—**Baar, H.** Vergleichende Untersuchungen über die Wirkung homologer und heterologer Sera bei der Diphtherie. *Klin. Wschr.*, 1932, 11: 1545.—**Becker.** Ueber ein neuartiges Diphtherie-Scharlach-Serum in uno. *Zschr. Immunforsch.*, 1929, 61: 46-58.—**Bormann, F. von.** Erfahrungen mit dem Symbioseserum. *Deut. med. Wschr.*, 1931, 57: 1149-51.

Vergleich der therapeutischen Wirksamkeit des nativen und des gereinigten und konzentrierten Diphtherieheilserums an Hand der conjunctivalen Diphtherie der Tiere. *Mscrh. Kinderh.*, 1934, 62: 68-73.—**Experimentelle Untersuchungen an der Schleimhautdiphtherie der Tiere; Vergleich der therapeutischen Wirksamkeit des gewöhnlichen (nativen) und des gereinigten und konzentrierten Diphtherieheilserums bei bacillärer Tierinfektion.** *Zschr. Kinderh.*, 1937-38, 59: 559-78.—**Cathala, J.** A propos de la valeur thérapeutique du sérum antidiphthérique purifié. *Bull. Soc. méd. hôp. Paris*, 1927, 3. ser., 51: 281-3.—**Comby, J.** Traitement de la diphthérie en clientèle par le nouveau sérum purifié de l'Institut Pasteur. *Ibid.*, 1926, 3. ser., 50: 670-8. Also *Rev. internat. méd. chir.*, Par., 1926, 37: 62-6.—**Grenat, H., & Delarue, J.** Remarques sur la sérothérapie antidiphthérique; action comparée de divers sérums. *Bull. Soc. méd. hôp. Paris*, 1927, 3. ser., 51: 164-76. Also *Rev. internat. méd. chir.*, Par., 1927, 38: 17-21.—**Grunke, W., & Künstler, S.** Klinische Erfahrungen mit dem eiweissarmen Diphtherieheilserum. *Ther. Gegenwart*, 1936, 77: 292-5.—**Hildebrandt, A.** Ueber die Verwendung von gereinigtem eiweissarmen Heilserum bei Diphtheriekranken. *Klin. Wschr.*, 1935, 14: 1563.—**Houyez, P.** Diphthérie et sérum de Martin. *Ann. Soc. méd. chir. Liège*, 1936, 64: 86-8. Also *Liège méd.*, 1936, 20: 612.—**Lesné, Papillon** [et al.] Valeur thérapeutique

du sérum antidiphthérique purifié de Ramon. *Bull. Soc. méd. hôp. Paris*, 1927, 3. ser., 51: 235-41.—**Macciotta, G.** Sérums d'origine toxique et sérums d'origine anatoxique dans la cure de la diphthérie. *Acta paediat.*, Upps., 1931, 11: 141-5.—**Medem.** Erfahrungen mit Symbioseserum bei Diphtherie. *Deut. med. Wschr.*, 1931, 57: 146.—**Minet, J.** A propos de la sérothérapie antidiphthérique: sérum français ou sérum belge. *Echo méd. nord*, 1931, 35: 186-9.—**Perrin, M.** Présentation des nouveaux sérums antidiphthériques et antitétaniques. *Rev. méd. est*, 1934, 62: 93.—**Porez, E.** Le sérum antidiphthérique français a-t-il ou non perdu son efficacité? *Echo méd. nord*, 1931, 35: 386-91.—**Ramon, G., & Debré, R.** Identité de l'action préventive de 2 sérums antidiphthériques obtenus avec la toxine et avec l'anatoxine. *C. rend. Soc. biol.*, 1932, 109: 600.—**Roux.** A propos de la sérothérapie antidiphthérique. *Progr. méd.*, Par., 1931, 569-74.—**Ruelle, G.** Etude expérimentale des sérums antidiphthériques parisiens et bruxellois. *Presse méd.*, 1933, 41: 1383-6.—**Weichsel, M.** Zur Frage der Wirksamkeit des Madsenserums. *Zbl. Bakt.*, 1. Abt., 1931, 122: 419-50.

Antiserum: Untoward effects.
